

## **WORK BARGE K9127**

*Multipurpose lifting solution*

The K9127 is a flattop work barge with a large open deck space that is perfectly suitable for carrying heavy loads and is surrounded with a bin wall that allows for the secured stacking of materials. Installed on the barge is a strong 4 point mooring system for safe and secure mooring capabilities. With its shallow draft it can easily operate in near coastal waters and with its stable seagoing behavior it can also perfectly be deployed in further offshore operating area's as well.

The K9128 features the ability to fill gas and oxygen bottles used for cutting operations since it's outfitted with an oxygen factory and gas bottle filling station.

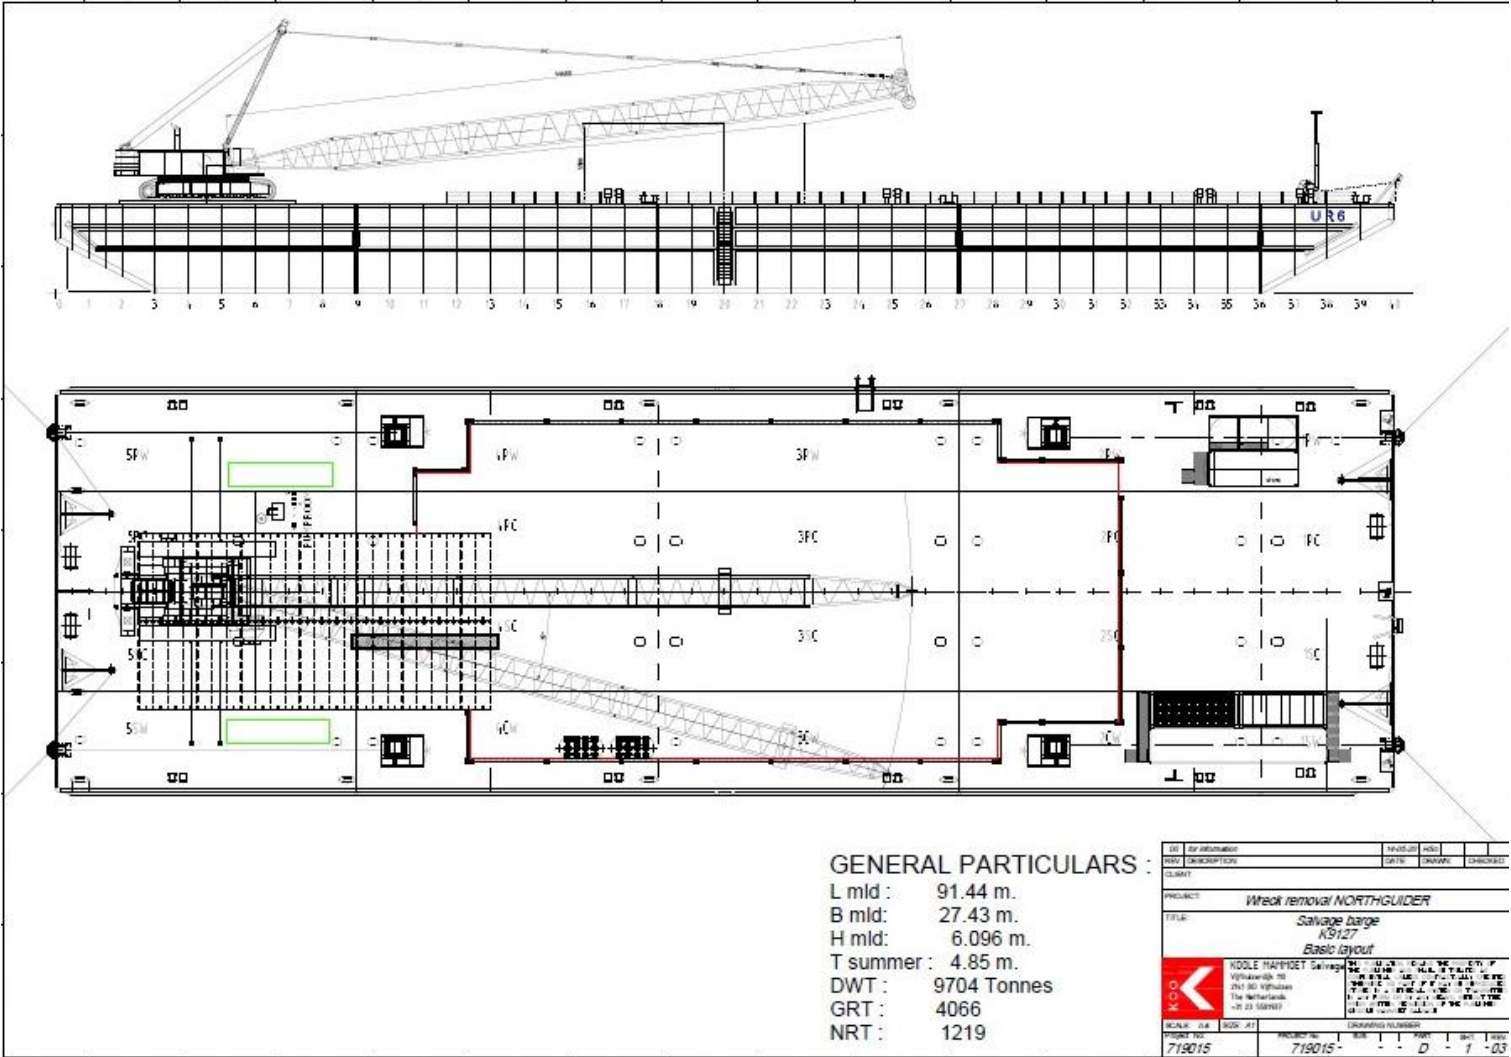

The K9127 is currently equipped with a HS895 HD crawler crane however, it can also be equipped with a HS8200 HD or HS8300 HD crawler crane depending on heavy lifting requirements of the project.

### BARGE K9127

Length overall	91,4 [m]
Breadth	27,44 [m]
Depth	6.00 [m]
Draft	0.85 [m]
Dwt	9.704 [t]

### DECK EQUIPMENT

- 5 point mooring system
- 5 winches of each 40 [t]
- 5t delta flipper anchors
- Day time accommodation
- Fuel storage on board + generator 230/240v

### GENERAL PARTICULARS :

L mid :	91.44 m.
B mid:	27.43 m.
H mid:	6.096 m.
T summer :	4.85 m.
DWT :	9704 Tonnes
GRT :	4066
NRT :	1219
